Glitter for Christmas time: Sparkle metallic pencils in bronze, silver and gold

Secret Santa, Christmas market, writing a Christmas list – the Advent period has plenty to offer. To complete everything on time, we recommend that you stop now and then and switch off. For example, listen to the calming old favourites on Johnny Cash's “The Christmas Collection” – a treat for your ears! Then perhaps grab the new Sparkle pencils in glittering bronze, silver and gold and sketch what you see: a tea cup, candle or the sofa cushions. Your stress will soon be forgotten! The new items in the Sparkle collection don't just look good: the ergonomic triangular shape always ensures a comfortable and stable writing grip.
